## INTRODUCTION

In 2014, South Africa adopted the Medium Term Strategic Plan (MTSF) 2014-2019 as the first programme to help implement the National Development Plan (NDP). The MTSF identifies the important actions required to implement the aspects of the NDP for which government is responsible over the next five years. The MTSF is structured around 14 priority outcomes, of which a skilled and capable workforce to support an inclusive growth path is integral. With this in mind, the Sunday Times Skills Development magazine will tackle the innovative strategies that the public and private sector have in place to aid the goals of government's NDP.
